THURSDAY EVENING, MAY 23, 1901.

**INCREASE OF CANCER**—Many interesting matters were discussed yesterday at the first day's session of the fifth annual meeting of the Maryland Public Health Association in Baltimore. Dr. John C. Hemmeter, in a paper on "The Prophylaxis of Cancer," indicated that he is skeptical concerning the announced discoveries of cancer bacilli by Dr. Harvey R. Gaylord, of Buffalo, N. Y. He said: "I am afraid that Dr. Gaylord has been overrated and must caution the public not to place too much confidence in his discoveries. I do not think that cancer is caused by a bacillus, but is a case of exuberant cell growth. It is time for the public to be awakened to the seriousness of the question presented by the enormous increase of cancer in the past few years. It is spreading much more rapidly than tuberculosis. All secretions from cancer victims should be sterilized."

In answer to a question Dr. Hemmeter said that his investigations led him to believe that there is no truth in a cause of cancer. To another question he replied that constant irritation causes cancer if the disease is in the system, and agrees that the habit of ladies carrying pocketbooks in the bosom of their dresses might well explain the origin of many cases of cancer of the breast.

**A REMARKABLE CASE**—The case of C. E. Garrett, who was probably fatally injured by coming in contact with a circular saw at one of the Newport News mills, is one of the most remarkable on record. Garrett's head was badly cut by the saw, the blade ripping upward from the chin to the back of the head, passing directly through the center of the face and severing the nose. The blade entered twice, and on top of the skull cut out a long strip of V-shaped bone. Through the hole made by the saw the brain commenced to ooze out, and since the day of the accident little portions of the brain have had to be taken out. Garrett was given up for dead, but still lives, eats and talks. Tuesday a piece of the brain had to be cut away and yesterday the attending physician had to remove about an ounce of the brain. Garrett's left side is paralyzed.

**Beauty Is Blood Deep.** Clean blood means a clean skin. No beauty without it. Castor Oil cleans the skin, cleans your blood, and keeps it clean, by stirring up the lazy liver and driving all impurities from the body. Begin to take banish pimples, boils, blotches, blackheads, and all skin troubles. Castor Oil is the best. Beauty—beauty for ten cents. All druggists, satisfaction guaranteed, 10c, 25c, 50c.

## OFFICIAL.

**CITY GAS OFFICE.**  
Rooms Nos. 5 and 6, City Hall, Alexandria, Va., May 14, 1901.

As I am compelled to make up my accounts for the fiscal year ending May 31, 1901, it has become my duty to make immediate efforts to collect all outstanding bills. I therefore notify all gas consumers whose bills are not paid by 4 o'clock p. m. on FRIDAY, May 31, 1901, that the meters will be at once removed from their premises and the supply of gas cut off and the collection of all outstanding bills enforced. The attention of gas consumers is called to the following law:

An act to reduce the price of gas, Section 1. Be it enacted by the City Council of Alexandria, Virginia, That from and after the 1st day of June 1899 the price of gas shall be reduced to \$1.30 per 1,000 feet, with 10 cents discount upon each 1,000 feet for prompt payment; but no discount shall be allowed on any gas bills unless paid on or before the 1st day of the succeeding month in which the state of the meter is taken, and when not paid within ten days after that date the Clerk of the Gas shall cut off the supply of gas.

As the law gives me no authority to grant any indulgence, I must insist upon a prompt settlement of gas bills.

This notice is issued with the approval and on the authority of the Committee on Light.
